PROFESSIONAL SUMMARY

AI and Machine Learning enthusiast and B.Tech CSE final-year student with hands-on experience in building and evaluating Machine Learning models and working on NLP-based datasets. Recently worked as an AI Developer Intern on Telugu Large Language Models. Strong foundation in Python, ML algorithms, and data preprocessing with a keen interest in real-world AI applications.

TECHNICAL SKILLS

- **Programming Languages:** C, Python
- **Web Technologies:** HTML, CSS, Javascript, Responsive Design
- **Machine Learning & AI:** Machine Learning Algorithms, Classification, Model Training & Evaluation, Data Preprocessing, NLP
- **Database:** MySQL
- **Tools & Platforms:** Scikit-learn, Git, GitHub, Jupyter Notebook, VS Code

EXPERIENCE

AI Developer Intern, Swecha Telangana

May 2025 – June 2025

- Developing real-time AI projects focused on building a **Telugu Large Language Model (LLM)** to promote regional language technology.
- Preprocessed and curated large-scale Telugu text datasets using Python and NLP.

PROJECTS

Object Detection and Tracking: Developed a real-time system for detecting and tracking multiple objects using deep learning. Implemented YOLOv3 for object detection and SORT for object tracking.

Heart Disease Prediction: Developed a predictive model to identify the likelihood of heart disease using patient health data.

EDUCATION

Bachelor of Technology – Computer Science and Engineering

Malla Reddy College of Engineering – Hyderabad

2026

CGPA: 8.00/10

CERTIFICATIONS

- Complete Azure Dev Day Bootcamp
- Generative AI Certification

SOFT SKILLS

- Time Management and Adaptability
- Effective Communication and Teamwork
